Planet Orient

Homogeneous vinyl in a warm, spice-inspired palette

SYSTEM	COLLECTION	MATERIAL	COLOURS
Forbo Flooring	Planet Orient	Homogeneous Vinyl	9 colours

A homogeneous vinyl with a fine, non-directional chip in warm Asian-inspired tones — terracotta, ochre, warm brown and dusty rose — alongside grounded neutrals.

Planet Orient is built for demanding spaces: its high-density construction gives strong wear resistance for hospitals, schools and institutional buildings, and the reinforced PUR surface helps it resist dirt and scuffs.
